

Shaman's Journey

Autumn Equinox Community Ceremony

Join us to celebrate Mother Earth's changing seasons. We will create an offering, a prayer bundle of gratitude that will hold our intentions for that which we want to dream into being in the coming autumn months.

We will focus our attention on giving gratitude to Mother Earth, Father Sun, the Mountain Spirits, the Divine and other universal organizing principals.

The evening will culminate with a Fire Ceremony that will release the energy of our prayers to Spirit for manifestation.
